JM Motorsport Productions developed this form of action racing by using compact cars to enhance excitement for both drivers and spectators. Utilizing smaller, lightweight cars takes on all the excitement of a full-sized Figure "8" without likely danger to the drivers. Speeds average between 5 and 15 miles an hour and only 5 to 10 cars are allowed at a time. Unlike the traditional brute-force demo, in this event it is your ability to out-think and out-manuever the other driver that makes you the WINNER! Because of its challenge, drivers all over are switching to FIGURE 8 RACING. With strict guidelines/rules and the help of the drivers, we have made this race fun and fair for all.
